

Ref. No. 66/16/0146/2015
Date. 27/09/2015

To Director General
To Research Deputy Director General
Ethiopian Institute of Agricultural Research
Addis Ababa:

Subject: Seed and fertilizer Request

Due to the situation there was no development and research agricultural services in 2013 to 2014 E.C; by now conditions are becoming to restore and in a way to formally to communicate to EIAR.

For the year 2016 E.C as an initiation to back work and to serve the community the Centre is planning with some research activities. From these are the large scale demonstration linked with community seed production. This is our request to EIAR for seeds and fertilizers of these activities and also urge for the transport facility of the seed collection process from centers to EIAR and to Mekhoni ARC.

No	Agro ecology	Crop/commodity	Variety	Seed class	Quantity in qt
1	Highland	Tef	Dagim		20
