To Ethiopian institute of agricultural research (EIAR)

**Subject: requesting to purchase early generation onion seeds**

MoA and SNV continued the implementation of Horti-LIFE project for the third phase and, as a part of this objective, the project work to create sustainable certified onion seed production in Oromia, SNNPR, Amhara and Tigray to increase the productivity and food safety of Horticulture smallholder farmers. And we are also supporting EIAR to increase onion pre-basic seed production at Melkasa Agricultural research center. In the meantime, we like to purchase 120KG Bombay red and 100kg Nafis onion seed for further multiplication and hereby we request your good office to organize the processes.

Thanks in Advance for your cooperation's.

Best regards

Andnet Bayleyegn

**Horti-LIFE III Project**  
Deputy Project Manager
